Outline of Day

Colgate Bright Smiles Bright Smiles Future Program

This session will provide a brief overview of the Colgate® Bright Smiles Bright Futures Program™. The program is an initiative to promote the importance of oral health through education and prevention.

School-Based Oral Health Programs

In an attempt to address this disparity, this session will provide insight from various points-of-view on current and future initiatives to positively impact the oral health of students within the District.

Panel Discussion: Oral Health Coverage & Access to Care

This panel discussion will provide a brief overview of some of the challenges faced by low-income DC residents when attempting to reimburse providers as well as some proposals to address this issue.

Luncheon Presentation: The Role of Oral Health in Disaster Preparedness

This presentation will describe how the role of dentistry has expanded in order to play a greater role in preparing for disasters and to act as first-line responder.

Oral Health Programs and the Community

This session will highlight the experiences of some dental programs within DC with strong ties to the community as well as the role of the community-based dental education and practice and its impact on dental access.

Oral Health Services for Specialized Populations

This session will highlight some of the oral health needs of particular populations and discuss both the programs that have been implemented as well as those that are to be developed.

Local Initiatives to Address Oral Health Disparities

This session will focus on how the DC DOH is specifically addressing the oral health needs of District residents.
